

Oquirrh Elementary Safe Dismissal Plan

Please help us ensure that every student arrives at school and home quickly and safely each day. Use the map on the reverse side of this sheet to identify which dismissal zone your child will use at the end of the school day. Please review the map with your child so they know where to go. Please also let your child's teacher know which zone your child will be using each day. In order to ensure student safety, it is very important that students go home on the same route each day. It can be confusing and frightening when students think plans have changed. If you must make a change in your after-school route, please communicate in writing with your child's teacher. Thank you for supporting our students' safety.

Zone 1 - This zone is for students who will be picked up through the pickup lane. Please help your child identify a last name for their carpool group that all students in that group will use. We will line students up on the colored lines south of the kindergarten playground alphabetically by this last name so that the whole group will be together when the car arrives. Please roll down your window and tell the first teacher on duty the last name so they can call for your students and have them ready to be picked up at the pick-up lane. Please always pull all the way forward to the far end of the pickup lane before your students get in the car. This helps us fit more cars and get everyone through safely and quickly.

Zone 2 - This zone is for students who walk South along Paddington Road. They will cross at the South crosswalk, where our student Safety Patrol will assist them. West Jordan City Crossing Guards will help them cross at the intersection of Paddington Road and New World Drive.

Zone 3 - This zone is for families who would like to park in the Community Parking Lot (Southwest lot) and walk their students across the center crosswalk. For safety, students will not be allowed to walk across the crosswalk without an adult. You must park your car **in a parking stall** and walk across the crosswalk to the sidewalk to pick up your child. We will not release any students to cross the crosswalk and meet families in the parking lot. Please wait for your child behind the kindergarten wall to keep the sidewalk pathway clear.

Zone 4 - This zone is for students who will cross Paddington Road with the West Jordan City Crossing Guard directly in front of the school.

Zone 5 - This zone is for students who attend a daycare center. Students will line up according to the daycare center that they attend, behind the green posts. They will board the daycare van as it pulls up and stops in front of this area.

Zone 6 - This zone is for students who ride bikes/scooters/skateboards/etc. to school and lock them in the bike rack. Students will wait here for all members of the group of students they ride home with. Once all members of their group are present, they will be able to enter the bike rack, get their equipment, and go home. Students should not cross in front of the school with equipment.

Zone 7 - This zone is for students who qualify for bussing by living west of Bangerter Highway and at least 1.5 miles from the school, as well as those who have been approved through the space available bus permit system. If you live in this area but are not quite far enough away from the school to qualify for the bus, and you would like to apply for a space available bus permit, please come into our main office for an application.

Zone 8 - This zone is for students who walk along the East side of Paddington Road to meet families who park at the Constitution Park's North parking lot.

Zone 9 - This zone is for students who exit behind the school through the opening in the East fence at the back of the field onto 3200 West.

Thank you for your help in keeping our students safe. Students will be released at 2:55 M-Th and **12:20 on all Early Out days**. Students are not allowed to play on playgrounds during dismissal.

3200 West

Zone 9
